Education

PG-Diploma in Advanced Computing (PG-DAC), C-DAC

Year: Aug'2025

B.Tech. in Electronics Engineering, Datta Meghe College of Engineering

Grade: 78.05%

Year: June' 2022

Senior Secondary Education(12th) - CHM College

Grade: 71.84%

Year: 2018

Higher Secondary Education(10th) - KES English Medium School

Grade: 90.00%

Year: 2016

Experience

WEB DEVELOPMENT INTERN

Dec'20-May'21 – Accunity Services LLP

- Worked primarily on frontend design and development for web applications
- Designed and implemented responsive user interfaces using modern web technologies
- Collaborated with the development team to create engaging and user-friendly web designs
- Gained hands-on experience in web design principles and frontend development practices

Projects

Vehicle Configurator

This project is a B2B portal where we built a website for leasing companies where their customers – rental companies – can design and customize vehicles based on their budget & requirement. The rental companies can configure specific parts and features and see the configuration cost in real time. The platform also provided options to select alternate components for specific parts, displaying the delta price instantly. This helps them create the best vehicle setup that fits their needs and price range. The system saves all the details in a database and makes the whole vehicle ordering process faster and easier. The technologies used in the project include Spring Boot Java and ASP.NET Core for backend development, React.js and TypeScript for frontend implementation, and MySQL for database management.

Technical Skills

Languages – Java, C#, C++, JavaScript(ES6+), SQL, TypeScript, HTML, CSS

Frameworks, Libraries - Spring Boot, ASP.NET Core, React.js

Database - MySQL, MongoDB

Tools- Git & GitHub, Docker

Code Editor- Visual Studio Code, Eclipse, Visual Studio

Skills- Database management system, REST APIs, Microservices, Design Patterns, JWT, Software Development LifeCycle(SDLC), MS Office, Problem Solving (DSA)

Extracurricular/Tech Community

Volunteer – IETE, E-Cell, Social work & Entrepreneurial interests

Sports Representative - College Sports Events (Table Tennis, Cricket, Badminton, Volleyball, Carrom)

Postman Student Expert
